

THE UNIVERSITY of
MISSISSIPPI

COMMUNICATION SCIENCES AND DISORDERS

Greg Snyder, PhD CCC-SLP
Associate Professor & Graduate Program Coordinator
Department of Communication Sciences & Disorders
University of Mississippi – Ole Miss
University, MS 38677
(662) 915-1202 | GSnyder@OleMiss.edu

Educational History

2000 – 2004	Doctorate of Philosophy	<u>East Carolina University</u>	Communication Sciences & Disorders
1997 – 2000	Master of Science	<u>East Carolina University</u>	Communication Sciences & Disorders
1992 – 1995	Bachelor of Arts	<u>Wheaton College</u>	Psychology

Employment History

2005 – Present	<u>The University of Mississippi</u>	Associate Professor
2003 – 2005	<u>Gallaudet University</u>	Assistant Professor

PUBLISHED REFEREED JOURNAL ARTICLES

Snyder, G.J., McKnight-Sidak, P., Manahan, A., Kornisch, M., Blanchet, P. (in press). The Effects of Different Sources and Modalities of Stuttering Disclosure on Listeners' Perceptions of a Child who Stutters, *Folia Phoniatica et Logopaedica*.

SUBMITTED MANUSCRIPTS IN REVIEW

Snyder, G., Grant, M., Waddell, D. (2020). The effects of body location relative to prosthetic tactile stimulation on overt stuttering frequency in adults who stutter. Manuscript submitted to Journal of Communication Disorders.

MANUSCRIPTS IN PREPARATION

Snyder, G., & Gully, S. (in preparation). The effects of prosthetic tactile pacing on overt stuttering frequency in adults who stutter. Manuscript submitted to Perspectives of the Journal of Fluency Disorders.

Snyder, G., McKnight, P., Manahan, A., Kornisch, M. (in preparation). The effects of differential sources of written stuttering disclosure on the perceptions of a child who stutters. Manuscript to be submitted 12/2019.

Snyder, G., Manahan, A., McKnight, P., Kornisch, M. (in preparation). Differential performance between sources of stuttering disclosure over video and written media on the perceptions of a child who stutters. Manuscript to be submitted 12/2019.

Snyder, G., Williams, Molly Grace (in revision for resubmission). Attitudes and Practices among College Students relative to Hearing Conservation and Personal Listening Device Usage.

Snyder, G., Jones, M., Waddell, D.E. (in revision for resubmission). Action Understanding via Mirror Neuron Systems: A Model for the Science and Treatment of Stuttering.

GRANTS RECEIVED

Waddell, D., Snyder, G., Goggans, P. (2016) Differential effects of multisensory speech feedback on the neural activation patterns of stuttering and non-stuttering adults. Granting Agency: The University of Mississippi Office of Research and Sponsored Programs—R1 Seed Program. Total Funding Awarded: \$10,000.

Snyder, G. Developing the Neurophysiological Stuttering Model. Completed in January, 2007. Granting Agency: The University of Mississippi Office of Research and Sponsored Programs. Total Funding Awarded: \$7,848.00

Day, E., Stratton, G., Waddell, D., Snyder, G. Utilizing the Vicon Bodybuilder Suite to Develop 3D Movement. Completed in January, 2009. Granting Agency: The University of Mississippi Office of Research and Sponsored Programs. Total Funding Awarded: \$10,000.

P.O. Box 1848 | University, MS 38655-1848 | (662) 915-7652 | Fax (662) 915-5717 | www.csd.olemiss.edu

Snyder, G. Documenting the Stuttering Phenomenon in Sign Language. Completed in January, 2009. Granting Agency: The University of Mississippi Office of Research and Sponsored Programs. Total Funding Awarded: \$8,000.

Snyder, G. The Use of Real-Time Mind-Mapping and Audio/Visual Class Podcasting on Student Learning. Awarded in November, 2009. Granting Agency: The Center for Excellence in Teaching and Learning, The University of Mississippi. Total Funding Awarded: \$850.00

Waddell, Snyder, Ikuta & Goggans. Identifying Neural Correlates of Increased Fluency Due to Multi-Modal Speech Feedback in a Stuttering Population. October, 2015. Granting Agency: University of Mississippi, Office of Sponsored Research. Total Funding Awarded: \$10,000.

HONORS, AWARDS & MEDIA ATTENTION

Snyder, G. (2008). iPod - Icon of the Digital Music Revolution. Exhibit featured at the [Science Museum in London, UK](#).

Snyder, G. (2008) University of Mississippi Speech & Hearing Center—Awarded Site Leader for a Phase II-b Clinical Trial: Pagoclone. Pharmaceutical Stuttering Management. (Offer declined by The University of Mississippi.)

Snyder, G. (2007). Chancellor's Annual Report: Faces of Success
