## CLINICAL & RESEARCH EXPERIENCE

### Communication Science and Disorders Research Laboratory | *Feb. 2020- present*

*Research Assistant - Dr. Myriam Kornisch*

Assisted Dr. Myriam Kornisch with research regarding child language intervention, teletherapy, and prevalence of hearing loss among young adults. Responsibilities include developing questionnaires, referencing databases, and assisting in research implementation.

### Willie Price Lab School | *Spring, 2020*

*Student Observer*

Observed and interacted with developing children in a school based setting, assisted in furthering skills such as social communication, behavioral awareness, and language modalities.

### Ole Miss Hearing Impaired Language and Literacy | *Summer, 2019*

*Selected Volunteer*

Assistant to speech language graduate students working with those who are diagnosed with communication disorders, social disorders, and autism. Worked in the early intervention class at the Ole Miss Clinic for Speech and Hearing. Worked as lead clinician while instructing therapeutic activities and interacting with clients in a school based environment, achieving over 40 observation hours in various communication settings.
